Department Source: Sustainability

To: City Council

From: City Manager & Staff

Council Meeting Date: November 21, 2022

Re: Climate and Environment Commission Input on CWL Report on 100% by 2030

Executive Summary

At their October 25, 2022 meeting, the Climate and Environment Commission (CEC) voted to submit to the City Council the attached statement in response to a Columbia Water & Light staff report regarding 100% clean, renewable energy for electricity generation by 2030.

Discussion

The attached statement contains the CEC's concerns about the draft report presented by the Utility to the Water & Light Advisory Board on October 5, 2022. The timing of the CEC meeting did not allow for this report to be included on the agenda for the November 7, 2022 City Council meeting at which Council voted to support Columbia Water and Light staff's proposal to engage The Energy Authority to study the issue of providing 100% renewable energy for electricity generation by 2030.

Fiscal Impact

Short-Term Impact: No impact to this report.

Long-Term Impact: No impact to this report.

Strategic & Comprehensive Plan Impact

[Strategic Plan Impacts:](#)

Primary Impact: Not Applicable, Secondary Impact: Secondary, Tertiary Impact: Tertiary

[Comprehensive Plan Impacts:](#)

Primary Impact: Not Applicable, Secondary Impact: Secondary, Tertiary Impact: Tertiary

Legislative History

Date	Action
11/7/2022	Council voted to support Water and Light staff's proposal to engage The Energy Authority to study the issue of providing 100% renewable energy for electricity generation by 2030.

Suggested Council Action

The CEC requests council's attention to the attached statement.
