Ch. 17, the Government will be liable to persons damaged by any personal injury, death or injury to or loss of property, which is caused by a negligent or wrongful act or omission of an employee of the Government while acting within the scope of his office or employment under circumstances where a private person would be liable in accordance with the law of the place where the act or omission occurred. The foregoing shall not be deemed to extend the Government's liability beyond that existing under the Act at the time of such act or omission or to preclude the Government from using any defense available in law or equity.
25. **Compliance with Applicable Laws (09/2021) 6.3.31** The Lessor shall comply with all federal, state and local laws applicable to the Lessor as owner or Lessor, or both, of building or premises, including, without limitation, laws applicable to the construction, ownership, alteration or operation of both or either thereof, and will obtain all necessary permits, licenses and similar items at Lessor's expense. This Lease shall be governed by federal law.
The Government will comply with all federal, state, and local laws applicable to and enforceable against it as a tenant under this lease, provided that nothing in this lease shall be construed as a waiver of the sovereign immunity of the Government.
26. **Change of Ownership/Novation (10/2022) 6.3.34-1**
- A. If during the term of the Lease, title to the Property is transferred or the Lessor changes its legal name, the Lessor shall notify the Government within five days of the transfer of title/change of name.
 - B. The Government and the Lessor must execute a Supplemental Agreement acknowledging the transfer of title or name change.
 - C. If title to the Property is transferred, the Government, the original Lessor (Transferor), and the new owner or assignee (Transferee) shall execute a Novation Agreement providing for the transfer of Transferor's rights and obligations under the Lease to the Transferee. When executed on behalf of the Government, a Novation Agreement will be made part of the Lease via Supplemental Agreement.
 - D.  - E. If the RECO determines that recognizing the Transferee as the Lessor will not be in the Government's interest, the Transferor shall remain fully liable to the Government for the Transferee's

performance of obligations under the Lease, notwithstanding the transfer. Under no condition shall the Government be obligated to release the Transferor of obligations prior to (a) the rent commencement date; and (b) any amounts due and owing to the Government under the Lease that have been paid in full or completely set off against the rental payments due under the Lease.

F. As a condition for being recognized as the Lessor and entitlement to receiving rent, the Transferee must register in the System for Award Management (SAM) for purposes of “All Awards”, and complete all required representations and certifications within SAM and the “Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment” in this contract.

G. If title to the Property is transferred, rent shall continue to be paid to the original Lessor, subject to the Government's rights as provided for in this Lease. The Government's obligation to pay rent to the Transferee shall commence on the effective date of the Lease Amendment incorporating the Novation Agreement. The Lease Amendment will not be issued until the Government has received all information reasonably required by the RECO, the Government has determined that recognizing the Transferee as the Lessor is in the Government's interest (which determination will be prompt and not unreasonably withheld), and the Transferee has met all conditions specified in sub-paragraph F.

27. **Sublease (09/2021) 6.3.35** The Government reserves the right to sublease the space covered under this Lease to another agency or private party. - A. inspect the leased premises and all other areas of the building to which access is necessary,
 - B. test all performance requirements under the contract, and

- If inspection reveals a contractual non-conformance, then the Government may require the Contractor to perform in accordance with the contract requirements at no increase in contract amount or the Government, in its sole discretion, may perform the work itself in accordance with the “Failure in Performance” clause of this Contract.

The presence or absence of a government inspection does not relieve the Contractor from any contract requirement, nor is the inspector authorized to change any term or condition of the contract without the RECO's written authorization.

A. All contract disputes arising under or related to this contract shall be resolved through the Federal Aviation Administration (FAA) dispute resolution system at the Office of Dispute Resolution for Acquisition (ODRA) and shall be governed by the procedures set forth in 14 C.F.R. 32. Organizational Conflict of Interest (01/2023) 6.3.47

A. The offeror or Contractor warrants that, to the best of the Contractor's knowledge and belief, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest (OCI), as defined in the FAA Acquisition Management System, "Organizational Conflicts of Interest (T3.1.7)", or that the Contractor has disclosed all such relevant information.

B. The offeror or Contractor agrees that if an actual or potential OCI is discovered after award, the Contractor must make a full disclosure in writing to the Contracting Officer. The disclosure must include a mitigation plan describing actions the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the actual or potential conflict. Changes in the Contractor's relationships due to mergers, consolidations or any unanticipated circumstances may create an unacceptable organizational conflict of interest which may necessitate disclosure.

C. The FAA reserves the right to review and audit OCI mitigation plans as needed after award, and to reject mitigation plans if the OCI, in the opinion of the Contracting Officer, cannot be avoided, or mitigated.

D. The Contracting Officer may terminate this contract for convenience in whole or in part, if it deems such termination necessary to avoid an OCI. If the Contractor was aware of a potential OCI prior to award or discovered an actual or potential conflict after award and did not disclose or misrepresented relevant information to the Contracting Officer, the Government may terminate this contract for default, debar the Contractor from government contracting, or pursue such other remedies as may be permitted by law or this contract.

34. **Installation of Antennas, Cables & Other Appurtenances (09/2021) 6.5.18** The Government shall have the right to install, operate and maintain antennas, wires and supporting structures, including any linking wires, connecting cables and conduits atop and within buildings and structures, or at other locations, as deemed necessary by the Government. 6.9.6

a. The FAA's Defensive Counterintelligence Program (DCIP) (AXI-310) detects, deters, and denies illicit human and technical intelligence collection activities as well as addressing other national security concerns. Such activities and concerns include, but are not limited to, activities conducted by, on behalf of, or otherwise supporting, foreign governments or elements thereof; entities or individuals that meet the definition of "foreign power" or "agent of a foreign power" in 50 U.S.C. § 1801; foreign organizations; foreign persons; international terrorist organizations or activities; or agents of any of the foregoing; or any other individuals or entities acting on behalf of, or otherwise in support of, any of the foregoing, against the FAA, its employees, facilities, equipment, systems, networks, operations, and information.

b. Consistent with FAA Order 1600.84 FAA Defensive Counterintelligence Program, the contractor is required to cooperate to the fullest extent possible in the following requirements:

- 1) Any authorized DCIP inquiry or Counterintelligence (CI) investigation connected with this contract requested by the FAA Office of Security and Hazardous Materials Safety (ASH) to include granting authorized ASH or outside investigative department or agency personnel access to contract information, records or contractor personnel;
- 2) All applicable FAA security requirements as required under the contract consistent with FAA policy and applicable Federal law;
- 3) When requested by the DCIP, and necessary to protect Controlled National Security Information (CNSI), Sensitive Unclassified Information (SUI), or otherwise protected information, contractor employees must sign a Defensive Counterintelligence Program Non-Disclosure Agreement (NDA) prior to being briefed on any information pertaining to a DCIP inquiry, CI investigation by another Department or Agency, or any other matter related to the DCIP. The NDA is located in Appendix C of the Order and in AMS Procurement Forms. Contractor employees are exempt from acknowledging any language in the NDA associated with unauthorized disclosure of received information that subjects FAA employees to personnel actions specified in the Human Resources Policy Manual (HRPM) Volume 4: Employee Relations ER-4.1 (4) and applicable collective bargaining agreements.
- 4) Contractors must first coordinate with the DCIP at ASH-CI-Notify@faa.gov before contacting any law enforcement or investigative agencies on any known or suspected counterintelligence or other national security concern described in Paragraph 1 of FAA Order 1600.84.
- 5) Contractors must notify the DCIP as soon as possible if any law enforcement or investigative agency contacts them directly on any matter covered by FAA Order 1600.84. If an employee receives a direct request from an outside law enforcement or investigative agency for evidence related to a counterintelligence or other national security concern as described in Paragraph 1 of FAA Order 1600.84, the employee will refer the law enforcement or investigative agency to AXI-310.
- 6) Contractors must immediately notify the DCIP at ASH-CI-Notify@faa.gov, and the CO or their designee if their employees observe any of the following-
 - a) Suspected or known acts of foreign intelligence collection activity against the FAA or its employees, systems, networks, operations, facilities, equipment, or information;

- b) Suspected or known espionage (See Appendix A of FAA Order 1600.84 for definition);
- c) Suspected or known unauthorized disclosure of CNSI, SUI, or otherwise protected information in the possession of the FAA by a FAA employee to a foreign government or element thereof, a foreign organization, an entity or individual that meets the definition of “foreign power” or “agent of a foreign power” in 50 U.S.C. § 1801, a foreign person, an international terrorist organization or activity, an agent of any of the foregoing, or any other individual or entity acting on behalf of or otherwise supporting any of the foregoing; or
- d) Suspected or known theft, unauthorized disclosure, or unauthorized amassing of CNSI, SUI, or otherwise protected information in the possession of the FAA known or suspected to be for the purpose of conveying it to a foreign government or element thereof, an entity or individual that meets the definition of “foreign power” or “agent of a foreign power” in 50 U.S.C. § 1801, a foreign organization, a foreign person, an international terrorist organization or activity, an agent of any of the foregoing, any other individual or entity acting on behalf of or otherwise supporting any of the foregoing, or an unknown recipient, or statements of intent by an FAA employee to engage in any such actions.  - iii. Technical specifications;
 - iv. Trade secrets;
 - v. Proprietary information;

If notification of the CO or their designee is not feasible owing to the CO and/or their designee being one of the suspicious actor(s), the contractor must notify the DCIP directly at the above email address if they observe any of the above activities.

7) Elicitation attempts. Elicitation is the strategic use of conversation to extract information from people without giving them the feeling they are being interrogated. It is a technique used to discreetly gather information. It is a conversation with a specific purpose: collect information that is not readily available and do so without raising suspicion that specific facts are being sought. The conversation can be in person, over the phone, or in writing.

Contractors must immediately notify the DCIP at ASH-CI-Notify@faa.gov, and the CO and/or their designee if their employees experience any known or suspected direct (e.g., personal encounter or telephone) or indirect (e.g., electronic or written communication) elicitation or attempted elicitation of CNSI, SUI, or otherwise protected information in the possession of the FAA by any suspicious entity or person, regardless of ethnicity, nationality, or FAA employment status, as soon as possible, but no later than 12 hours after the time of the incident, initial detection, or receipt of report, as applicable, or the next business day if the incident, initial detection, or receipt of report, as applicable, occurs on a weekend or holiday. Contractors must report these incidents regardless of where, when, or how the contact took place, or whether the employee was on or off duty. Suspicious activities include, but are not limited to:

- a) Direct or indirect contact or communication with a known or suspected foreign or foreign-affiliated person, or an unknown or unfamiliar person, seeking access to or disclosure of any CNSI, SUI, or otherwise protected information in the possession of the FAA for which such person does not meet the applicable access requirements, or that is outside the scope of their official duties;
- b) Direct or indirect contact or communication with a known or suspected foreign or foreign-affiliated person, or an unknown or unfamiliar person, seeking specific information about an FAA employee's official duty responsibilities, work projects, access to information, security clearance, travel plans, coworkers' identities, or Information Technology (IT) system credentials for which such person does not meet the applicable access requirements, or that is outside the scope of their official duties;
- c) Direct or indirect contact, communication, or observance of a known or suspected foreign or foreign-affiliated person, or an unknown or unfamiliar person, seeking unauthorized access to FAA employees, equipment, operations, systems, information, facilities, or networks, including through a Personal Electronic Device (PED);
- d) Direct or indirect contact, communication, or observance of a known or suspected foreign or foreign-affiliated person, or an unknown or unfamiliar person, introducing, or seeking to introduce, unauthorized digital media or software into any FAA equipment, facilities, systems, or networks, including through a PED;
- e) Offers of compensation, gifts, or favors in exchange for FAA information or access to such information, regardless of medium; or access to FAA employees, equipment, operations, facilities, systems, or networks;
- f) Threats, attempts to coerce, or attempts to exploit any FAA employee by a known or suspected foreign or foreign-affiliated person, or by an unknown or unfamiliar person, in order to illicitly acquire FAA information or access to FAA employees, equipment, operations, facilities, systems, information, or networks;
- g) Solicitation by any person of FAA information for which they do not meet the applicable access requirements or that is outside the scope of their official duties;
- h) A request by any person for access to FAA employees, facilities, equipment, operations, systems, information, or networks for which they do not meet the applicable access requirements or that is outside the scope of their official duties; and
- i) Suspicious or unexplained contact by any person with an FAA employee, where the person has suspicious or unexplained knowledge of the employee.

Unless requested by ASH, contractors must not disclose an elicitation attempt of the nature described above, in any other manner than to report the attempt to the CO or their designee and request that they report it to the DCIP. If that is not feasible, or if the CO or their designee are the suspicious actor(s), contractors may make these reports directly to the DCIP at the above email address. Contractors must not take any actions on their own initiative, as doing so may interfere with a DCIP inquiry or CI investigation.

- c. Failure to cooperate with any of the activities under section (b) above may be considered by the FAA to be a material breach of the contract.
- d. The Contractor is responsible for ensuring that the provisions of this clause flow down to its subsidiaries, subcontractors, and consultants performing this contract.
