

TO: CATSO Coordinating Committee

FROM: CATSO Staff

SUBJECT: 2023 MoDOT Statewide Safety Targets

DATE: February 22, 2024

The attached table shows MoDOT's annual statewide safety targets, which were provided to CATSO staff and other MPOs in August, 2023. These are included in the FHWA Highway Safety Improvement Program (HSIP), which is a core Federal-aid program whose purpose is to achieve a reduction in traffic fatalities and major injuries on public roadways. CATSO has the option of either providing formal approval in support of the statewide targets, or to establish specific targets for the CATSO metropolitan planning area.

MPO decisions on adoption of statewide safety targets are due to the MoDOT Central Office by February 27, 2024.

CATSO staff finds the statewide targets acceptable and recommends that they be formally supported by Committee members.

*Suggested Coordinating Committee Action*

If the committee finds the statewide safety targets acceptable, pass a motion for CATSO to formally adopt the targets. If not, please provide comments or suggestions for modifications.
