31 January 23	<p>Robert</p> <p>VOTES 0</p>	<p>I would like to see our recreation Dept. have a least one place where we have more tables for table tennis. Mr. Mike Griggs saved the one</p> <p>we had the recreation center. The park provides many places and times for pickle ball. We have many players here. We would be willing to demonstrate our skills. I am having a problem with format, but I hope it is understandable. Thank You for reading !</p>

31 January 23	<p>Summerfoote</p> <p>VOTES 1</p>	<p>Please make space for your local roller derby team.</p> <p>Como Roller Derby is a local 501c3 org that was born in Columbia and gives back to our community greatly. We are a welcoming community that provides healthy athletic opportunities for people who are not your typical athletes. Despite our local roots, we have consistently had a very difficult time finding an actual skating space in Columbia, and we currently are forced to skate in Jeff City and Hallsville. With the loss of Empire Roller Rink, we have no local options. Please put in a floor that will work for roller skating. One that will not have a warranty that excludes this type of use. And please consider the dimensions needed for a derby track. Reach out to our league—we are happy to provide all the info you need! I will add that when we have the venue, we can bring in a large crowd of paying fans and out-of-town teams, making roller derby a smart investment for the convention and visitors' bureau.</p>

31 January 23	<p>KaylaHampton16</p> <p>VOTES 1</p>	<p>Roller Derby Location</p> <p>It would be extremely important to my Roller Derby teammates and I if we had a place located in Columbia where we could skate. We are currently practicing in Hallsville and Jeff City due to the Empire Roller Rink being closed down. There are so many reasons as to why this would be beneficial for us and the community as a whole. Please consider this as an option. We would greatly appreciate it.</p>

<p>31 January 23</p> <p>priyankaundead</p> <p>VOTES 0</p>	<h3>Banked Track for Roller Derby</h3> <p>Hil I'd love to advocate for a space with a banked track for roller derby and other indoor skaters. Roller derby would be a great way to differentiate our new space in Columbia and create interest in the new space and other Columbia resources. Derby is a unique sport that encourages adults to get involved in a team sport, especially those who are looking for an accepting community. Because it's a competitive sport, there is also a great opportunity to bring money into the facility and show love to the space by hosting derby bouts. It's also useful outside of roller derby for general and hobby skaters to skate on since the closest rink is in Jefferson City.</p>

<p>01 February 23</p> <p>KatWright</p>	<h3>Roller Derby Space</h3>
<p>VOTES</p> <p>1</p>	<p>CoMo Roller Derby would absolutely love the chance to play in the town we affiliate our selves with, the town the majority of our team members live in, the town we'd be so proud to host visiting teams at and throw fun, memorable bouts and after parties within. We are a nonprofit and we work with other Columbia nonprofits to give back to our community. We provide opportunity and community for athletes, like any other adult sports or ganization in Columbia. With the right space, we could even expand to have a juniors league- another excellent sports outlet for young athletes in Columbia. Currently we cannot even skate in Columbia, hosting bouts instead in Hallsville, practicing instead in Jeff City. This is limiting for our league, our fans, and the whole community of Columbia. Please let us skate in Columbia - please put in a floor and walls that will allow for roller derby, one that will not have a warranty that excludes this type of use. And please consider the dimensions needed for a derby track. Reach out to our league—we are happy to provide all the info you need! We'd be such an incredible asset to Columbia - the last time our league was able to host a bout within Columbia proper, 500 fans attended. There is interest, support, and opportunity here. Please invest in us.</p>

I really don't have a horse in that race, but that sounds kind of awesome. Columbia is a cool town and that seems like the kind of sport that could be a niche draw if it was more accessible and known about. I didn't know there is local Derby, but I'm going to try and figure out when and where to watch it.</p>

<p>01 February 23 KatWright</p>	<p>Roller Derby Space</p> <p>CoMo Roller Derby would absolutely love the chance to play in the town we affiliate our selves with, the town the majority of our team members live in, the town we'd be so proud to host visiting teams at and throw fun, memorable bouts and after parties within. We are a nonprofit and we work with other Columbia nonprofits to give back to our community. We provide opportunity and community for athletes, like any other adult sports organization in Columbia. With the right space, we could even expand to have a juniors league- another excellent sports outlet for young athletes in Columbia. Currently we cannot even skate in Columbia, hosting bouts instead in Hallsville, practicing instead in Jeff City. This is limiting for our league, our fans, and the whole community of Columbia. Please let us skate in Columbia - please put in a floor and walls that will allow for roller derby, one that will not have a warranty that excludes this type of use. And please consider the dimensions needed for a derby track. Reach out to our league—we are happy to provide all the info you need! We'd be such an incredible asset to Columbia - the last time our league was able to host a bout within Columbia proper, 500 fans attended. There is interest, support, and opportunity here. Please invest in us.</p>

By having warranties on floors that are limited to certain sports that are over-represented like basketball and volleyball you are precluding any advent of sports that reach people who are unable to participate in traditional ones. Anything wheelchair related, junior derby, hockey, etc.... All of these have community appeal beyond the sports that Columbia has provided generous facilities for already. If the city wants outreach to expand physicality and the joy of movement for the population in COMO you have to think outside the box. If a wood floor is deemed to fragile to be "mixed use" then pour concrete or use sport court.</p>

There's plenty of facilities in Columbia that are used for basketball, volleyball, pickleball, etc... roller derby would bring a lot of attention to this building! Roller derby would be a great way to differentiate our new space in Columbia and create interest in the new space and other Columbia resources. Derby is a unique sport that encourages adults to get involved in a team sport, especially those who are looking for an accepting community. Because it's a competitive sport, there is also a great opportunity to bring money into the facility and show love to the space by hosting derby bouts. It's also useful outside of roller derby for general and hobby skaters to skate on since the closest rink is in Jefferson City.</p>

<p>04 February 23</p> <p>Rebecca Harrison</p>	<p>Roller Derby track</p> <p>I began my roller derby skating in a facility just like this one. See this link here to get more information about how this community assisted skaters in gaining access to alternative sporting options that would bring in fans/teams/leagues/skaters and vendors for large events. Also, look up the Big O which has been a major event hosted in this lovely location. https://www.willamalane.org/facilities/bob_keefer_center/index.php (Link may need to be copied and pasted to view in this format) It creates the endless opportunities for CoMo Roller Derby's team to be back in Columbia where they began. Where we teach skater safety and techniques so that when we have a location to be within, we can have fun playing a sport that so many people enjoy to see and be a part of. There are alternate flooring options that can be used to allow skaters to be a part of this community again. Much like the Bob Keefer building in the prior link, there are multiple sports that can be included in one recreation center.</p>

The league was formed in 2007 and incorporated as a 501c3 (nonprofit) a few years later. CMRD has skated in venues all around Mid-Missouri, but has been searching for a stable location in Columbia since 2011. A facility owned and operated by the city could be that place, and CMRD feels that the longevity of the organization coupled with their desire to give back to the Columbia community makes a roller derby track a good investment for the Parks department. Moreover, dozens of skaters, referees, and non-skating officials come to visit during bouts hosted by CMRD and bring dollars to local hotels, restaurants, and retail outlets. Given the right space and permits, CMRD has attracted more than 500 fans to just one event. When skating at Tolton Catholic High School, CMRD bouts brought in thousands of dollars in concessions for the school PTA. The economic and social benefits are clear - roller derby could be a great money-maker for the city and provide a series of unique and affordable events each year to the Columbia Visitors Bureau calendar.</p>

There are not a ton of options to play soccer inside in Columbia. This would also be perfect for hosting clinics for younger kids who want to learn and play soccer as well!</p>

<p>VOTES 1</p>	<p>Como Roller Derby is in need of an indoor space for bouts and general practice! Our club is a non-profit, and our scheduled bouts bring lots of out-of-state skaters & their families from other regional clubs here throughout the year. We are currently practicing in Hallsville and Jeff City due to the Empire Roller Rink being closed down. There are so many reasons as to why this would be beneficial for us and the community as a whole. Please consider this as an option. We would greatly appreciate it.</p>

We are a welcoming community that provides healthy athletic opportunities for people who are not your typical athletes. Despite our local roots, we have consistently had a very difficult time finding an actual skating space in Columbia, and we currently are forced to skate in Jeff City and Hallsville. With the loss of Empire Roller Rink, we have no local options. Please put in a floor that will work for roller skating. One that will not have a warranty that excludes this type of use. And please consider the dimensions needed for a derby track. Reach out to our league—we are happy to provide all the info you need! I will add that when we have the venue, we can bring in a large crowd of paying fans and out-of-town teams, making roller derby a smart investment for the convention and visitors' bureau.</p>
<p>31 January 23</p> <p>priyankaundead</p> <p>VOTES 0</p>	<p>Banked Track for Roller Derby</p> <p>Hi! I'd love to advocate for a space with a banked track for roller derby and other indoor skaters. Roller derby would be a great way to differentiate our new space in Columbia and create interest in the new space and other Columbia resources. Derby is a unique sport that encourages adults to get involved in a team sport, especially those who are looking for an accepting community. Because it's a competitive sport, there is also a great opportunity to bring money into the facility and show love to the space by hosting derby bouts. It's also useful outside of roller derby for general and hobby skaters to skate on since the closest rink is in Jefferson City.</p>

Roller derby is an inclusive sport that is fun to watch and take part in. It is currently difficult to host local bouts due to the lack of space! There's plenty of facilities in Columbia that are used for basketball, volleyball, pickleball, etc... roller derby would bring a lot of attention to this building! Additionally, with the right flooring this space could also be used for hockey or for those who need mobility assistance but want to play sports. Columbia is full of people who have a passion for skating and other sports that weren't mentioned in the proposal.</p>

Also, look up the Big O which has been a major event hosted in this link very location. https://www.willamalane.org/facilities/bob_keefer_center/index.php (Link may need to be copied and pasted to view in this format) It creates the endless opportunities for CoMo Roller Derby's team to be back in Columbia where they began. Where we teach skater safety and techniques so that when we have a location to be within, we can have fun playing a sport that so many people enjoy to see and be a part of. There are alternate flooring options that can be used to allow skaters to be a part of this community again. <p>VOTES</p> <p>1</p>	<p>CoMo Roller Derby would absolutely love the chance to play in the town we affiliate ourselves with, the town the majority of our team members live in, the town we'd be so proud to host visiting teams at and throw fun, memorable bouts and after parties within. We are a nonprofit and we work with other Columbia nonprofits to give back to our community. We provide opportunity and community for athletes, like any other adult sports organization in Columbia. With the right space, we could even expand to have a juniors league- another excellent sports outlet for young athletes in Columbia. Currently we cannot even skate in Columbia, hosting bouts instead in Hallsville, practicing instead in Jeff City. This is limiting for our league, our fans, and the whole community of Columbia. Please let us skate in Columbia - please put in a floor and walls that will allow for roller derby, one that will not have a warranty that excludes this type of use. And please consider the dimensions needed for a derby track. Reach out to our league—we are happy to provide all the info you need! We'd be such an incredible asset to Columbia - the last time our league was able to host a bout within Columbia proper, 500 fans attended. There is interest, support, and opportunity here. Please invest in us.</p>

	<p>CoMo Roller Derby is a recreational derby league in Columbia, MO. The league was formed in 2007 and incorporated as a 501c3 (nonprofit) a few years later. CMRD has skated in venues all around Mid-Missouri, but has been searching for a stable location in Columbia since 2011. A facility owned and operated by the city could be that place, and CMRD feels that the longevity of the organization coupled with their desire to give back to the Columbia community makes a roller derby track a good investment for the Parks department. Moreover, dozens of skaters, referees, and non-skating officials come to visit during bouts hosted by CMRD and bring dollars to local hotels, restaurants, and retail outlets. Given the right space and permits, CMRD has attracted more than 500 fans to just one event. When skating at Tolton Catholic High School, CMRD bouts brought in thousands of dollars in concessions for the school PTA. The economic and social benefits are clear - roller derby could be a great money-maker for the city and provide a series of unique and affordable events each year to the Columbia Visitors Bureau calendar.</p>

<p>VOTES 1</p>	<p>How about accommodating other sports?</p> <p>There is no true multi-use recreational building in Columbia currently. By having warranties on floors that are limited to certain sports that are over-represented like basketball and volleyball you are precluding any advent of sports that reach people who are unable to participate in traditional ones. Anything wheelchair related, junior derby, hockey, etc.... All of these have community appeal beyond the sports that Columbia has provided generous facilities for already. If the city wants outreach to expand physicality and the joy of movement for the population in COMO you have to think outside the box. If a wood floor is deemed to fragile to be "mixed use" then pour concrete or use sport court.</p>

<p>VOTES</p> <p>1</p>	<p>CoMo Roller Derby is a well established local nonprofit sports league. Most of our league members and fans reside in Columbia. We are currently unable to find a space in our team's namesake to practice and host events in. Having a space in city limits will make CoMo Roller Derby more accessible to city residents who are currently unable to access our facility by public transit. Use of a space in the city keeps money within Columbia, and has potential to generate money for local businesses by hosting bouts in Columbia.</p>

<p>VOTES</p> <p>1</p>	<p>I want to add that roller derby is not the only skating activity that could make use of a designated floor space. Since Empire Roller Rink closed down, there is no longer any space in Columbia for social skating -- the kind that many of us grew up with. Open session skate is sorely missed. There are deep roots in black jam skate communities, and there has been a huge resurgence of interest in roller skating in general, especially during the COVID-19 lockdown.</p>

		<p>Allowing for drop in Pickleball at a reasonable fee would meet a need that Columbia has, and people of all ages would benefit. I play with people in their 80's, as well as elementary aged kiddos. Paying an exorbitant cost to rent for a few hours isn't convenient or feasible, but allowing for drop in, for a reasonable fee would bring in more revenue. Also, FREE outdoor courts at the Fieldhouse would be a benefit to Columbia, also, alleviating some of the overcrowding at AOP. (ALL courts were full last Sunday....AND this was in Feb...imagine what it's like in Spring/Summer). Thanks for your consideration!</p>

<p>08 February 23 jgibson</p>	<h4>Volleyball - Build it bigger and they will come</h4> <p>Our facility is similar to the Sports Pavilion in Lawrence but they designed theirs so that 2 courts sit sideways in each bay instead of just 1 court. Make it slightly bigger than phase 1 to be more efficient and maximize space. By adding a little onto the length, you could make each of the 4 bays of courts longer in order to add 2 volleyball courts (and basketball) that sit sideways and would be regulation size for tournaments. One of the goals is to host large tournaments. In order to do this, you will need more courts in order to compete with St. Louis, Springfield, Kansas City, and Lawrence. In the last few years, volleyball has grown to become more popular than basketball and is about to overtake track and field as the most popular sport amongst high schools girls. https://www.statista.com/statistics/197289/female-participation-in-us-high-school-athletic-programs-2010/#:~:text=Track%20and%20field%20has%20been,engaged%20in%20this%20sporting%20activity. We have 100s (probably over 1,000 now) of girls in the Mid Missouri region that are playing club volleyball and have to travel to St. Louis, Kansas City, Springfield, Lawrence, Topeka, Omaha, in order to compete in regional tournaments because we don't have adequate volleyball facilities in Columbia to host. We are losing the opportunity for 1,000s of visitors each weekend because of our lack of volleyball tournaments. This equals tons of lost revenue in sales tax. We have been trying to expand opportunities for volleyball but can't because of a lack of availability of volleyball courts. We have multiple clubs that operate out of Columbia and have to rent courts in other cities like Jefferson City and Fulton because we don't have enough courts to accommodate all the practices. By making it bigger, it would make better use of the space and be cheaper in the long run. See Lawrence Kansas Sports Pavilion for an example. https://assets.lawrenceks.org/documents/rcp/2013.11.05_Rec_Center_Images.pdf</p>

Players can show up and rotate into play—if there is an established location where players know to show up (eg, AO Park). During inclement weather (eg, winter, rain), Columbia has no such location.
