Re: Adopt A Spot Beautification Agreements

Executive Summary

Volunteer Programs, part of the Community Development Department, is submitting for approval two Adopt-A-Spot Beautification agreements allowing volunteers to care for landscaping on City property or in City right of way.

Discussion

Volunteers are responsible for maintaining landscaped beds in city or state right of way in the City of Columbia at 107 locations. Adopters are responsible for weeding, watering, and mulching the beds and planting annual flowers and bulbs. Agreements are written for a four-year commitment and each bed has a sign to acknowledge the efforts of the adopter. With these agreements and others in progress, the Adopt-A-Spot Beautification program is at a 96% adoption rate.

Staff is asking for council to approve two agreements with volunteers to care for Adopt A Spots:

- EquipmentShare Inc. will be taking over care for landscaping in the roundabout at Bull Run Drive near Port Way. Much appreciation to Tina DeClue and Doug Boyer who cared for this bed for many years and connected with EquipmentShare to take over as the new adopter.
- Mary Tribble, with help from her retired nurse friends, will care for a median bed in Godfrey Drive just south of Green Meadows Road.

The City supports volunteers with plants, mulch, and other support. Spots are reviewed to provide feedback to volunteers and help ensure program quality. Agreements are terminated when volunteers are not meeting the standards for weed free beds and color throughout the growing season.

The City's Volunteer Programs staff appreciates the investment that volunteers put into Adopt-A-Spot beds to be enjoyed by hundreds of residents and visitors each day.

Fiscal Impact

Short-Term Impact: The City will provide signs acknowledging adopters in each bed for a total cost of \$130. Additional support for mulch and plants should not exceed \$1,000.

Long-Term Impact: The City's Volunteer Programs provides ongoing support for Adopt A Spot beds including water meter and hydrant maintenance and repair, replacement plants, mulch, bulbs and annual flowers. No more than \$15,000 is spent on the program to help
