AWARD NUMBER EMW-2022-SS-00094-06-12	DATE April 23, 2023
SUBAWARD AGREEMENT ARTICLES OF AGREEMENT	

Article I – Summary Description of Award

The purpose of the FY 2022 HSGP is to support state and local efforts to prevent terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. The HSGP provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal of a secure and resilient Nation. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, HSGP supports the goal to Strengthen National Preparedness and Resilience. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community.

Article II – DHS Standard Terms and Conditions Generally

The Fiscal Year (FY) 2022 DHS Standard Terms and Conditions apply to all new federal financial assistance awards funded in FY 2022. These terms and conditions flow down to subrecipients unless an award term or condition specifically indicates otherwise. The United States has the right to seek judicial enforcement of these obligations.

All legislation and digital resources are referenced with no digital links. The FY 2022 DHS Standard Terms and Conditions will be housed on dhs.gov at www.dhs.gov/publication/fy15-dhs-standard-terms-and-conditions.

Article III – Assurances, Administrative Requirements, Cost Principles, Representations and Certifications

I. DHS financial assistance recipients must complete either the Office of Management and Budget (OMB) Standard Form 424B Assurances – Non-Construction Programs, or OMB Standard Form 424D Assurances – Construction Programs, as applicable. Certain assurances in these documents may not be applicable to your program, and the DHS financial assistance office (DHS FAO) may require applicants to certify additional assurances. Applicants are required to fill out the assurances applicable to their program as instructed by the awarding agency.

II. DHS/OHS financial assistance subrecipients are required to follow the applicable provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards located at Title 2 Code of Federal Regulations (C.F.R.) Part 200 and adopted by DHS at 2 C.F.R. Part 3002.

III. By accepting this agreement the subrecipient and its executives, as defined in 2 C.F.R. section 170.315, certify that the subrecipient's policies are in accordance with OMB's guidance located at 2 C.F.R. Part 200, all applicable federal laws, and relevant Executive guidance.

Article IV – General Acknowledgements and Assurances

All subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities and staff.

DHS/FEMA funded activities that may require an Environmental Planning and Historic Preservation (EHP) review are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding required subrecipient to comply with all federal, state, and local laws.

DHS/FEMA is required to consider the potential impacts to natural and cultural resources of all projects funded by DHS/FEMA grant funds, through its EHP review process, as mandated by: the National Environmental Policy Act; National Historic Preservation Act of 1966, as amended; National Flood Insurance Program regulations; and, any other applicable laws and executive orders. To access the FEMA EHP screening form and instructions, go to the DHS/FEMA website. In order to initiate EHP review of your project(s), you must complete all relevant sections of this form and submit it to the OHS/Grant Programs Directorate (GPD) along with all other pertinent project information. The EHP review process must be completed before funds are released to carry out the proposed project; otherwise DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies.

If ground disturbing activities occur during construction, applicant will monitor ground disturbance, and if any potential archeological resources are discovered, applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA.

19. Subrecipient is required to complete the 2022 Nationwide Cybersecurity Review (NCSR), enabling agencies to benchmark and measure progress of improving their cybersecurity posture. The Chief Information Officer (CIO), Chief Information Security Officer (CISO), or equivalent for each recipient and subrecipient should complete the NCSR. If there is no CIO or CISO, the most senior cybersecurity professional should complete the assessment. The NCSR is available at no cost to the user and takes approximately 2-3 hours to complete. The 2021 NCSR will be open October 1, 2022 and must be completed by each subrecipient no later than December 31, 2022.

20. Subrecipients that contract with and utilize WebEOC Emergency Management Software – Juvare, must fully fuse and maintain an active connection with Missouri's State Emergency Management Agency (SEMA). This setup will allow for a more efficient resource response to Missouri communities during an emergency incident as well as allow emergency personnel to monitor events that may impact their community during an extended event. Fusion of other WebEOC accounts in Missouri will also assist in streamlining resource requests by reducing redundant entry in a local WebEOC account and then once again in the Missouri WebEOC account should the request not be able to be filled locally. Redundant data entry during an emergency can lead to time loss, data entry errors and omission of important details. This required setup will also allow SEMA Emergency Service Function (ESF) partners to monitor the use of resources throughout the state for Mutual aid needs.

21. Agencies purchasing license plate reader (LPR) equipment and technology with grant funds administered by the Missouri Department of Public Safety, must adhere to the following requirements:
 - a. LPR vendors chosen by an agency must have an MOU on file with the MSHP Central Vendor File as developed and prescribed by the Missouri Department of Public Safety pursuant to 11 CSR 30-17.
 - b. Prior to purchasing LPR services, the agency should verify the vendor's MOU status with the MSHP CJIS Division by emailing mshphelpdesk@mshp.dps.mo.gov.
 - c. Share LPR data through the MoDEX process with statewide sharing platforms (i.e., MULES).
 - d. Enable LPR data sharing with other Missouri Law Enforcement agencies and enforcement support entities within the selected vendor's software. Examples include, but are not limited to fusion centers, drug task forces, special investigations units, etc.
 - e. Connect to the Missouri State Highway Patrol's Automated License Plate Reader (ALPR) File Transfer Protocol Access Program. This program provides the information necessary to provide a NCIC and/or MULES hit when used in conjunction with a License Plate Reader (LPR) device. An MOU must be on file with the Access Integrity Unit (AIU) for the vendor and the law enforcement agency and a registration process must be completed.
 - f. Agency shall have a license plate reader policy and operation guideline prior to the implementation of LPRs. Reimbursements will not be made on the project until the policy has been provided to the Missouri Department of Public Safety.
 - g. If LPR will be installed on Missouri Department of Transportation right-of-way(s) agency must request installation through the Missouri Department of Public Safety. Once
