Re: Recreational Trails Program (RTP) Grant Application Approval – MKT Bridge Replacement

## Executive Summary

The Parks and Recreation Department is requesting authorization to submit a Recreational Trails Program (RTP) grant application for partial funding for the MKT Trail bridge replacement project. The MKT Trail bridge replacement project will replace three bridges located on the MKT Trail. RTP grants provide up to \$250,000 in funding and require a minimum 20% match from the agency applying for the grant. Total project cost for the bridge replacement project is estimated at \$525,000. Park staff will submit a grant application requesting the maximum amount of \$250,000, with \$275,000 in matching funds provided by the 2021 Park Sales Tax. The proposed RTP grant funding would be used to offset costs associated with the replacement of three bridges located on the MKT Trail. The RTP grant application guidelines require a resolution authorizing the grant application and ensuring commitment to maintain public access to the project for a minimum of 25 years.

## Discussion

The Missouri Department of Natural Resources is currently accepting applications for the 2022 Recreational Trails Program grant cycle. The maximum grant match for the program is \$250,000. One of the projects identified for funding by the 2021 Park Sales Tax ballot is the replacement of three bridges on the MKT Trail. As of now, staff is proposing to replace bridges #2, #9 and #10. The source for the grant match will be the 2021 Park Sales Tax in the amount of \$275,000, which will be appropriated in the FY2023 and FY2024 Capital Improvement Program budget.

The Recreational Trails Program (RTP) is a competitive, federally-funded grant program and provides funding for a variety of trail related projects. The purpose of this program is to promote motorized and non-motorized recreational trails. If awarded, the grant will allow the Parks and Recreation Department to leverage available Parks Sales Tax dollars to replace three bridges on the MKT Trail.

RTP grant applicants are required to have City Council approval to apply for the grant. The Department is requesting a resolution authorizing the grant application and ensuring commitment to maintain public access to the project for a minimum of 25 years.

## Fiscal Impact

Short-Term Impact: There is no short-term fiscal impact associated with applying for the grant. If the grant is awarded, there will be up to \$250,000 in grant funds available for the

# City of Columbia

701 East Broadway, Columbia, Missouri 65201

MKT Trail bridge replacement project, which will be appropriated to the project by future Council legislation.

Long-Term Impact: None.

## Strategic & Comprehensive Plan Impact

### Strategic Plan Impacts:

Primary Impact: Reliable Infrastructure, Secondary Impact: Inclusive Community, Tertiary Impact: Not Applicable

### Comprehensive Plan Impacts:

Primary Impact: Infrastructure, Secondary Impact: Mobility, Connectivity, and Accessibility, Tertiary Impact: Not Applicable
