To: <PubW@como.gov>

I got a letter talking about a traffic calming... I'm not sure what that means but if that means putting in speed bumps I am definitely not for that. I have lived here for decades no one drives too fast ... We don't have accidents... And there's really not that much traffic. However the road is very narrow and you do have to take the ditch if there's a large truck so yes I would vote for widening the road... But definitely not for speed bumps. Thank you for asking for my opinion. Nancy Baker
3017 Hayden drive Columbia MO 65202.

(please include "Northland Drive traffic calming" in the subject line and provide your name and complete mailing address)

- I support traffic calming being installed on Northland Drive
 Traffic Calming wouldn't bother me if it were implemented.
 I do NOT support traffic calming being installed on Northland Drive

We are accepting comments until Mar. 24, 2023. Thank you for your input!

Comments:

This project is a good solution to the excessive speed on Northland Drive. The raised crosswalk for the Bear Creek Trail crossing is also well designed and a good addition.

There is more space on the back of this form.

Comments:

i think the plan for speedbumps is perfect for Northland to slow traffic. The changes to the trail crossing are long overdue!
