From: City Manager & Staff

Council Meeting Date: November 21, 2022

Re: FUSUS Contract

Executive Summary

Staff has prepared for Council consideration a resolution authorizing the city manager to execute a contract with FUSUS for the purchase of a Real-Time Crime Center system.

Discussion

Fusus is a software platform for law enforcement that allows police to access any public or business linked camera asset in real time and review video footage. The platform allows access to both public and private business cameras, body worn cameras, drones and other feeds throughout the city on a permission based level, and it is on a voluntary participation basis. The platform allows residential camera registry allowing owners to share recordings voluntarily, however, does not allow for live feeds of residential cameras. Fusus provides a Real-Time Crime center allowing police to have immediate access to video feeds on one single platform while responding to emergencies and other police responses. It also allows for immediate video searches enhancing the situational awareness and investigative capabilities of law enforcement while emphasizing officer, citizen and community safety. The system includes incident based geo-specific public messaging, which would allow citizens to be notified during major events.

The Columbia Police Department held informational meetings for business owners, the downtown community improvement district and school officials to learn about the system and its capabilities. Community informational meetings were held on Nov. 1, 2022 and Nov. 2, 2022. On Nov. 9, a third meeting was held to review a draft policy for using Fusus and to gather public input and feedback for suggested changes. A copy of the draft policy with commentary is attached for your reference.

In addition to CPD outreach and education efforts, Fusus has agreed to participate in meetings and help educate the public through their outreach plan. Fusus has a team of individuals specifically assigned to outreach, and they help educate the public during the implementation phase.

The proposed cost is for a 3-year contract that will be paid upfront with the forfeiture appropriation. By paying the contract in full up front, the savings was \$60,000. At the conclusion of the initial 3-year contract (end of FY25), the program will be re-evaluated to determine if it will be renewed. If a renewal is requested, it would be included in police budget process for FY26 at approximately \$125,000 per year.

City of Columbia

701 East Broadway, Columbia, Missouri 65201

Fiscal Impact

Short-Term Impact: Will be funded by Federal Forfeiture appropriation.

Long-Term Impact: No additional cost until year 4, as contract is paid in full for 3 year. If contract is renewed for year 4, it will be included in the regular budget process for FY26 at approximately \$125,000 per year.

Strategic & Comprehensive Plan Impact

Strategic Plan Impacts:

Primary Impact: Safe Neighborhoods, Secondary Impact: Not Applicable, Tertiary Impact: Not Applicable

Comprehensive Plan Impacts:

Primary Impact: Not Applicable, Secondary Impact: Not applicable, Tertiary Impact: Not Applicable

Legislative History

Date	Action
11/21/2022	B326-22: Federal Forfeiture Appropriation for the purchase of Fusus system.

Suggested Council Action

Shall Council agree, staff recommends passage of the resolution authorizing the city manager to execute a contract with FUSUS for the purchase of a Real-Time Crime Center system.
