Re: Re-appropriation of city reserves to Community Development for public service

agreements

### **Executive Summary**

In May 2021 the City Council appropriated \$532,000.00 in city reserves to Community Development to fund eight public service agreements. A balance of \$320,968.81 remains in the new fiscal year. The balance must be re-appropriated to Community Development in FY2022.

#### Discussion

The Council appropriated \$532,000.00 in Council reserves to fund the projects and programs of applicants that had sought round 3 Community Development Block Grant-Coronavirus (CDBG-CV) funds authorized by the federal CARES legislation, for which the sum of the assistance requested exceeded the funds available. The Community Development Department, Housing Programs Office is administering several of the agreements to use the city reserve funding (which is in a non-federal funds planning account). Because the balance of the reserves did not carry forward into the new fiscal year and was not reappropriated with FY 2022 City Budget, that action must now be taken.
